Rick,
Attached below are draft slides for your review. FYI - We were instructed by Sue Townsend that this presentation should also include an org chart of our group.

I've also attached below the WSA 2002 plan summary document in case you wanted it for reference. Please let me know your thoughts/comments/edits.

Thanks,
Valerie

So I need slides for Friday!!! Loreen, how about this: First slide is WSA role and the focus areas, the rest of the slides are the different coordinator areas along with their respective "super green" projects.

Subject: Feb 15 Forum

At today's staff meeting it was decided that each RDE department would present for 5 minutes on their plan for 2002 at the beginning of the RDE Forum.

There is no fixed format. If you wish to use the LCD projector, send Sue your slides. Otherwise you may use overheads, or just speak.

- Pete
